Remarks

One or more photo(s) has been virtually staged. Nestled near the gentle waters of Roberts Bay, this enchanting Siesta Key home rests on a quiet cul de sac street where the only sounds are the whisper of palms and the laughter of neighbors walking by. Though not waterfront, the location captures the essence of island life — peaceful, private, and just moments from where the sun dips into the Gulf. A short stroll or quick bike or golf cart ride has you in the center of vibrant Siesta Key. Step inside, and you'll feel the warmth of a home that's been lovingly renewed. Every detail reflects care and comfort — from the four inviting bedrooms and two full baths to the light-filled kitchen adorned with stainless steel appliances and a captivating blue glass tile backsplash reminiscent of the Gulf waters just moments from your front door. The dining area invites long, easy meals, while two separate living spaces offer versatility for gathering, relaxing, or simply enjoying the rhythm of coastal living. Life is low maintenance and carefree with durable lvp flooring that looks modern and will compliment your coastal décor. Beyond the back door lies a spacious, fenced yard — a blank canvas waiting for your imagination. Picture a pool glimmering under the afternoon sun, a lush garden framed
